

# Archaeology Field School

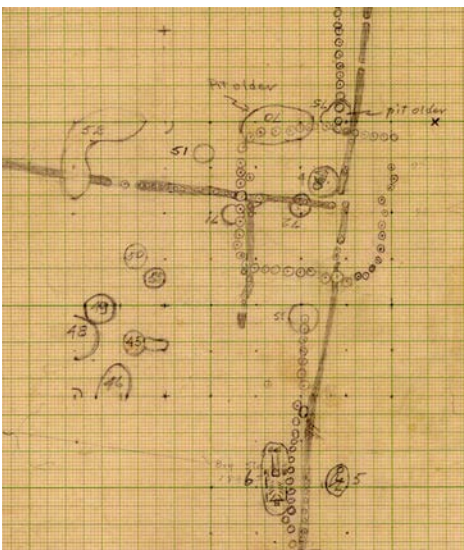

## Aztalan, Wisconsin | May 30-June 25

Dan Seurer

Dan Seurer

### Join an archaeological excavation

Learn archaeological field methods that are used to study the life ways of ancient peoples. Join UW Professor Sissel Schroeder and graduate student project supervisor Jake Pfaffenroth as they investigate perishable architecture at the site of Aztalan, a 1000 year old Native American village 30 miles east of Madison.

**APPLICATIONS DUE 3/17/17 | For more info:**

Visit: Anthropology office, 5240 Sewell Social Science Bldg
